

4-H PEI VIRTUAL EQUINE PROJECT

UNIT 4 – Toxic Plants

Please view all of the videos and articles listed below.

Video: Ask the Vet - What plants are toxic to horses? (~6.5 min)

<https://www.youtube.com/watch?v=1hLUCPwpFs8>

Article: Alsike Clover Poisoning, Photosensitization or Photodermatitis in Horses

http://www.omafra.gov.on.ca/english/livestock/horses/facts/info_alsike_clover.htm

Assignment: Take a nature walk in your community. On your walk take photos of 5 different plants (or clip samples and bag them). After your walk try to identify the 5 plants. For the ones you can identify research them to see if they are safe for horses to eat.

| Name of Plant | Is it safe for horses to eat? | Notes |
|---------------|-------------------------------|-------|
